## Introduction

---

TrustLock Hardware is a thriving, modern and energetic company developing, manufacturing and distributing superior quality door hardware and bathroom accessories for commercial, industrial and residential projects.

We offer a diverse range of products comprising of Architectural lever handles, hinges, mortice locks, cylinders, commercial and domestic locks manufactured to Australian standards.

TrustLock Hardware in partnership with our suppliers has the ability to offer our customers a service whereby we can source specific products or manufacture to our customers product specification. All products are thoroughly checked during the various phases of production.

Distributors for:

**KABA**

 **LORIENT**

# TrustLock Hardware

*Quality you can Trust*

## **Brass Care & Maintenance**

Trustlock Brass products are manufactured from 100% Brass and then expertly Polished and Lacquered using the highest quality lacquer available.

Discoloration and Deterioration will occur depending on the conditions the product is placed. Salt air, pollution, sweat, soaps, abrasive cleaners and paint thinners will all have an effect on the life of the product.

Discoloration and deterioration of any lacquered brass product is a natural process and is not considered a defect. To extend the life of our product we recommend using a good wax polish on a regular basis such as "Mr. Sheen".

## **Finish Codes      Other finishes are available on request.**

NP	Nickel Plated	SS/PS	Satin/Polished Stainless
PB	Polished Brass	TM/SS	Timber/Satin Stainless
CP	Chrome Plated	TM	Timber
SS	Satin Stainless	BK	Black
SC	Satin Chrome	SIL	Silver
PVD	Particle Vapor Deposition	EPB	Electrophoretic Brass
BSC	Brushed Satin Chrome	FB	Florentine Bronze
PS	Polished Stainless	WH	White

## **TERMS & CONDITIONS**

### **PAYMENT TERMS**

1. All accounts are strictly net 30 days from the end of the month in which goods were invoiced. Accounts exceeding our trading terms will be placed on hold until all outstanding balances are brought up to date.
2. All orders with an invoice value of \$150 or greater will be supplied FIS otherwise a freight cost will be charged.
3. Payment options : TT, Cheque, Mastercard, Visa.

### **DISPATCH OF ORDERS**

1. All orders received by 1pm will be dispatched by the following business day, with the exception of orders that require special keying or finishes.

### **PLACING ORDERS**

1. Faxing or emailing of orders is preferred, to eliminate possible errors for orders taken by phone.

### **BACK ORDERS**

1. Orders received, which cannot be processed due to temporary out of stock, will automatically be placed on back order unless otherwise specified by our customers.
2. All back orders will be invoiced at the price quoted at the time of order.
3. Back orders will not incur an additional freight charge.
4. TrustLock Hardware will not be liable for any charges arising from out of stocks.

### **RETURN of GOODS**

1. No claim for credit will be allowed unless made within 7 days of the invoice.
2. Goods returned for credit, through no fault of the product or TrustLock Hardware, may attract a freight cost as well as a re-stocking fee of 25% of the product value.
3. Customers returning goods must contact their local agent or TrustLock Hardware for return authority.
4. Goods rendered defective as a result of misuse or improper installation will not be covered by our warranty.
5. TrustLock Hardware will replace, at it's discretion, any product to be found faulty in material or manufacture.

### **RETENTION of TITLE**

It is a condition of sale that title of the goods listed on the invoices shall not pass to the purchaser until payment in full has been received.

## Warranty - Faulty Materials or Workmanship

These products are warranted by TrustLock Hardware ABN. 79 110 482 025  
10 Years warranty applies to all products used internally and 7 years on products used externally with the exception of the PVD finish which has a lifetime warranty on it's finish, internal and external.

### Warranty - Excessive Corrosion or Tarnishing

Forged Brass Products:	Internal Use (10 years from date of purchase)
	External Use (7 years from date of purchase)
Zinc Die Cast Products:	Internal Use (10 years from date of purchase)
	External Use (7 years from date of purchase)
Metal Products	Internal Use (10 years from date of purchase)
	External Use (7 years from date of purchase)

### WARRANTY CONDITIONS

1. The owner must provide TrustLock Hardware with proof of purchase of the product.
2. TrustLock Hardware reserves the right to decide whether or not the product is defective and the fault if any was caused by faulty materials or workmanship.
3. This warranty will be void if our products have not been properly installed in accordance with the installation instructions supplied with each product.
4. This warranty will not apply if the product has in any way been modified, added to or tampered with.
5. This warranty does not cover normal wear and tear, misuse, fire or accidental damage.
6. This warranty is limited to replacement of the product and the owner shall be solely responsible for all labour costs, transport and freight costs and all other costs.

## Lock Functions

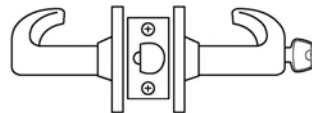

### Entrance

Latchbolt by either lever unless outside lever is locked by push/turn button in inside lever. Push button is released by key outside or lever inside. Turn button must be released manually.

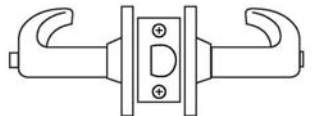

### Storeroom

Latchbolt by inside lever or key outside. Outside lever rigid at all times.

### Classroom

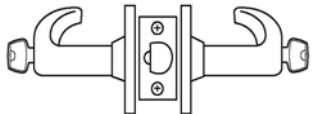

Latchbolt by either lever unless outside lever is locked by key. Key in outside lever locks or unlocks outside lever. Inside lever always operative.

### Privacy

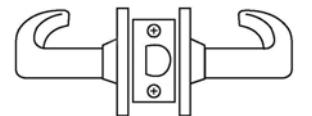

Latchbolt by either lever unless outside lever is locked by push button / turn snib in inside lever.

Emergency button in outside lever unlocks both levers and releases inside button.

### Glass Door

Latchbolt by either lever unless either lever is locked by key.

### Passage

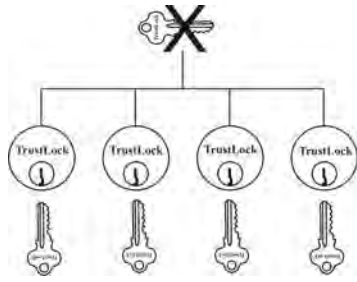

Latchbolt by either lever.

--------------	-------------	------------	-------------

### Special Keying

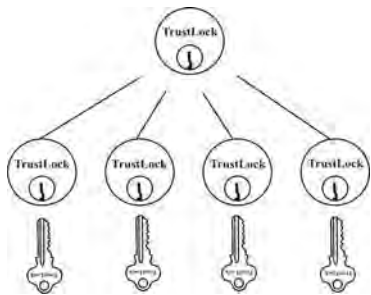

39900	Special Keying (per barrel) - Including keying alike	\$13.64	\$15.00
39901	Additional Keys Cut	\$6.36	\$7.00

## Special Keying

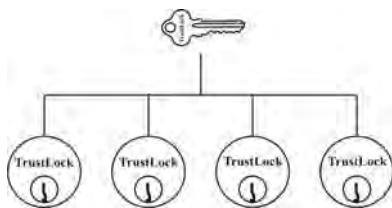

### Project Keyed Systems

This system is used when a contractor needs to gain access to several buildings with a common key. Each building is issued with individual owners keys. Once the owners keys are operated in each lock, the project key will no longer operate in those locks.

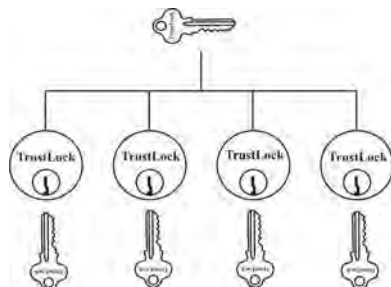

### Maison Keyed Systems

The Maison Keyed System is generally used when there is a common area that a group of individual keys need access to. For example, a main foyer door, common pool area, shared garage, etc

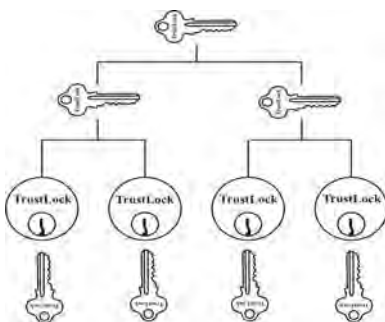

### Keyed Alike Systems

This system allows two or more locks to be operated by the same key. There is no limit to the number of locks that can be keyed alike. Keyed alike locks can be a mixture of different types of locks supplied by Lemaar.

### Master Keyed Systems

A Master Key system is one where each lock, or group of locks, has it's own individual key that will not operate in any other locks in the system. However, all the locks in the system are keyed to suit a master key that will open all locks. Suitable for aged care, rooming houses, etc

### Grand Master Key Systems

This system is similar to the Master Key system but can have series of individual locks grouped into areas that has it's own master key. A grand master Key will then operate in all locks in the system. Suitable for schools, factories, office buildings, etc
